

CLASSIC RHYTHMS PIANO STUDIO

Summer 2008 Newsletter

Whew!!!! Can you believe it, another Summer is here again and before we know it, it will be Christmas time all over again. So many of you, I have watched you grow from elementary school age and now some are entering the high school scene and driving a car. It is amazing to watch you growing up.

I encourage you to take this Summer time to get some extra practice in while not having the pressures of school, and yet, enjoy family time and vacation time as well.

Parents, let me know of any upcoming vacation time so we can plan some make up times in advance or after you return. Also, if anyone would like alternate lesson times during the Summer, let me know.

Regarding lesson fee increases:

There will only be an increase for new students signing up from June 2008 and forward. Current student fees will remain at \$70 per month. If you speak with someone about taking lessons, please be sure to tell them the monthly fee is \$80. I know, I was planning to increase the fee across the board but decided to keep current students the same and only making the increase for new students only. Yeepppppeeee for you guys!!!!!!

As soon as I hear from you about any Summer plans, I'd like to schedule a mid-Summer learning activity for sometime in July. I will let you know a date in the coming weeks.

Take care and everyone, have a GREAT Summer!!
